NIDDK Project Official: Saul Malozowski, MD  
 NIDDK Project Scientist: Myrlene Staten, MD  
 Date study was funded: June 1, 2013 / U01DK098245  
 Date of renewal(s): TBD  
 Date of end of intervention: TBD

Name of dataset	Dates included	Proposed date or time-line for sharing	Policy for when data will be shared with other investigators
<b>Baseline data</b>	TBD after recruitment is complete	Two years after recruitment is complete (last randomization visit) or within 6 months of publication date	Two years after recruitment is complete (last randomization visit) or within 6 months of publication date
<b>Primary outcome publication – analytic dataset</b>	TBD after database lock	Two years after database is locked for analysis or within 6 months of publication	Two years after database is locked for analysis or within 6 months of publication
<b>Secondary outcome(s) publication(s) – analytic set(s) - LIST</b>	TBD after database lock	Two years after the database is locked for analysis of these outcomes	Two years after the database is locked for analysis of these outcomes
<b>Entire dataset from intervention study</b>	TBD after last participant has completed the study.	Three years after last study contact (FDAAA's primary completion date)	Three years after last study contact (FDAAA's primary completion date)
<b>Analytic dataset from major papers</b>	TBD at time of publication	Six months after publication appears on line	Six months after publication appears on line
<b>Ancillary studies (list)</b>	NA	NA	NA
<b>Pilot studies (list)</b>	NA	NA	NA
