Recruitment Success

Northwestern:

- EMR pulls specific results such as A1c and fasting glucose criteria.
- Site has reached out to other researchers and has pulled glucose results from lipid panel (blood sugar).
- Northwestern's RA reorganized EMR database. Site is sending letters to physicians through their EPIC program to draw in patients.

Cleveland:

- P.I. following up with phone calls to patients has helped with recruitment.

Update on SCR Glycemia testing at Central Lab

- 72% BAS qualify since sites have started using the new algorithm.
- Last month 113 SCR were sent to the Central Lab.
- Michael Lewis reviewed A1c document.

Reports Reviewed.
