SCR to BAS Algorithm

- Changes to new algorithm will be made on a quarterly basis if needed.
- SC committee discussed if notification should be sent out when C.L. resets reagents which effects correlation.
- Updated C.L. data will be reviewed at next month's SC meeting.

Ancillary Study Approval- Huffman AS14-07

- Study observes Vitamin D supplementation on markers of DNA damage.
- Committee had some concerns about reliability, and biorepository storage of specimens.

Action: CC will email SC committee with concerns/questions answered.

Reports Reviewed.
