

Performance Metrics

SHIFT FROM RECRUITMENT TO RETENTION & PROTOCOL FIDELITY

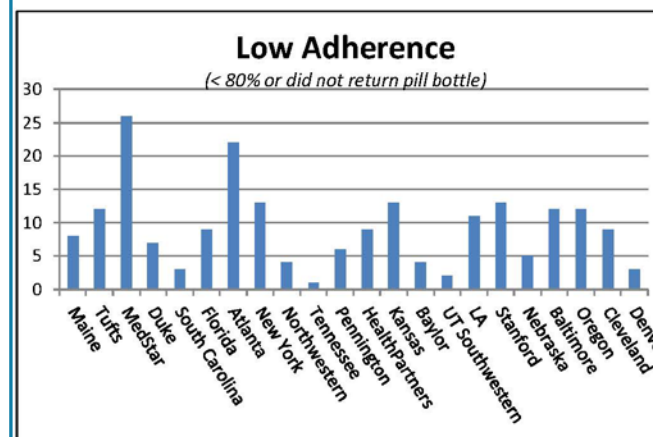

Performance Metrics

Included in new
Site Progress Report

- Retention
 - Inactive & Withdrawn
 - Missed visits
- Protocol Fidelity
 - Adherence to study pills
 - Discontinuation
 - Low [safety, participant decision]
 - Primary outcome

Site Progress Report

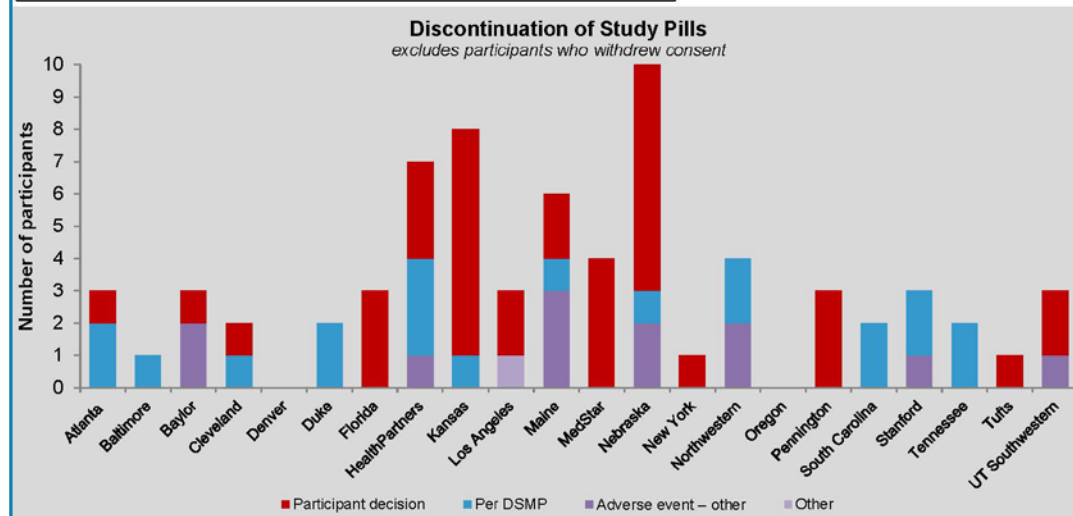

Sent monthly

Study Pill Adherence < 80% at Last Visit

Includes did not return study pills

Participant	Participant
250026	
250038	
270065	

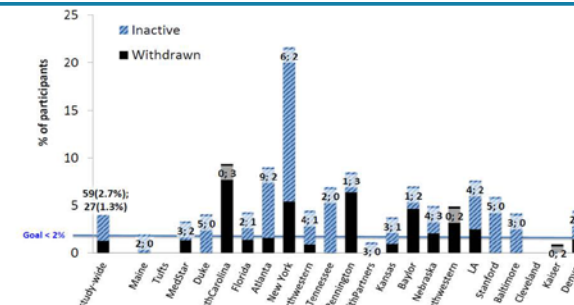

Retention

Inactive Participants

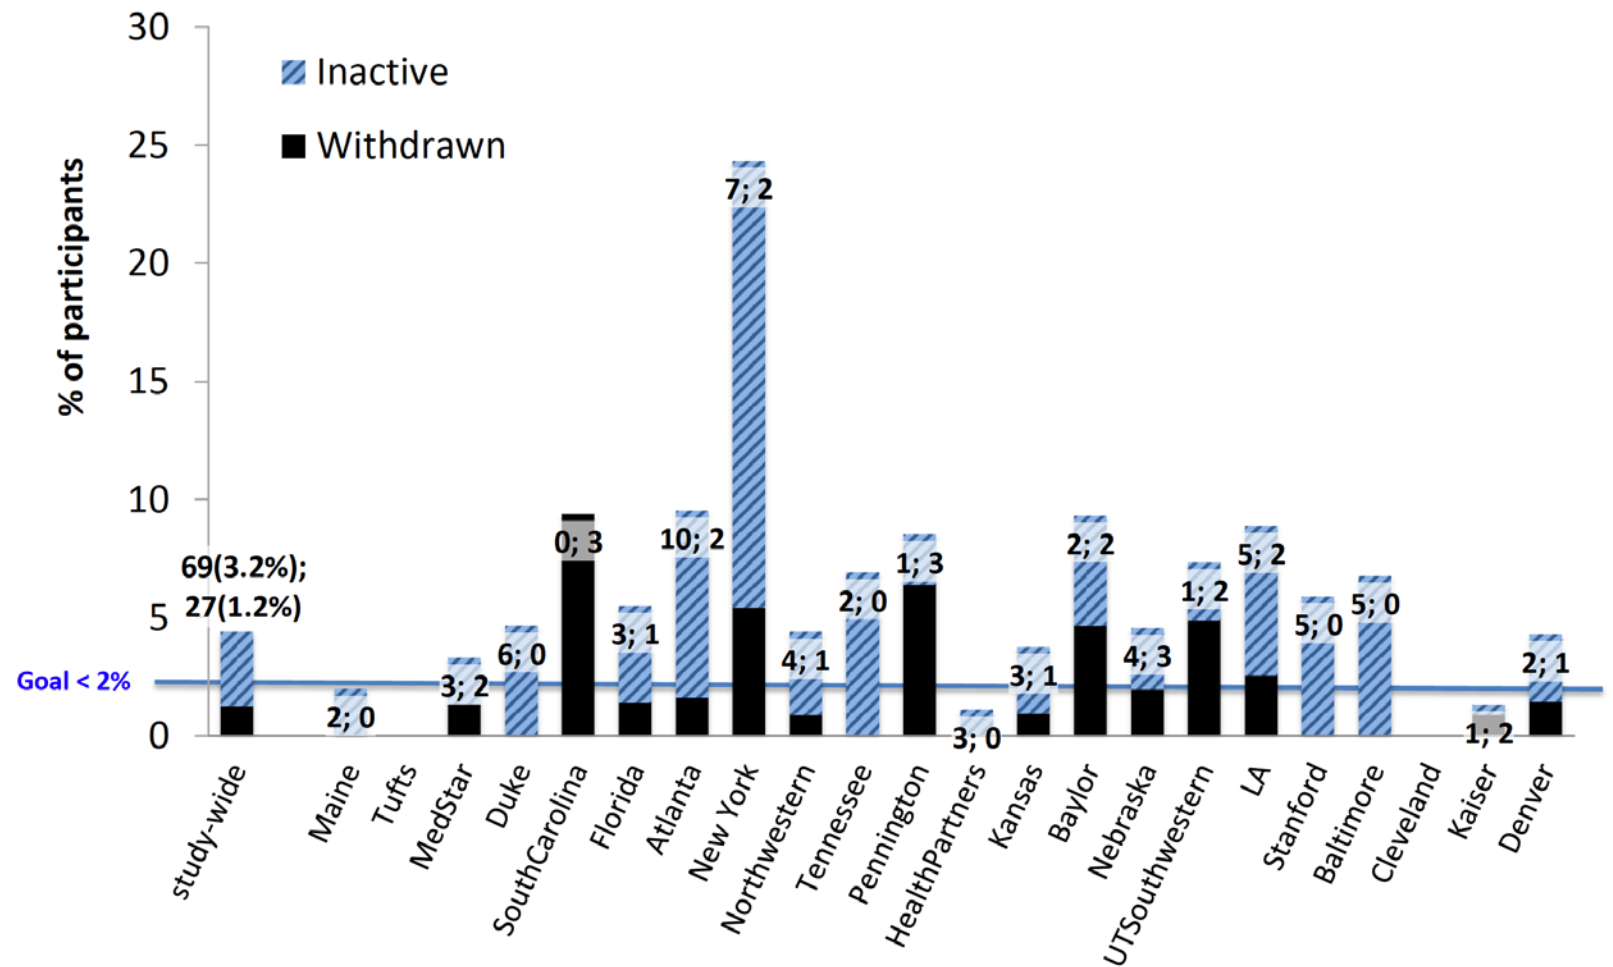

Missed two consecutive scheduled encounters

Participant	Last Visit Date	Last Encounter
270080	09/15/2015	RAND

Inactive & Withdrawn participants

RETENTION

Labels are number of participants (inactive; withdrawn).

Inactive Participants Detailed Data

RETENTION

Inactive Participants

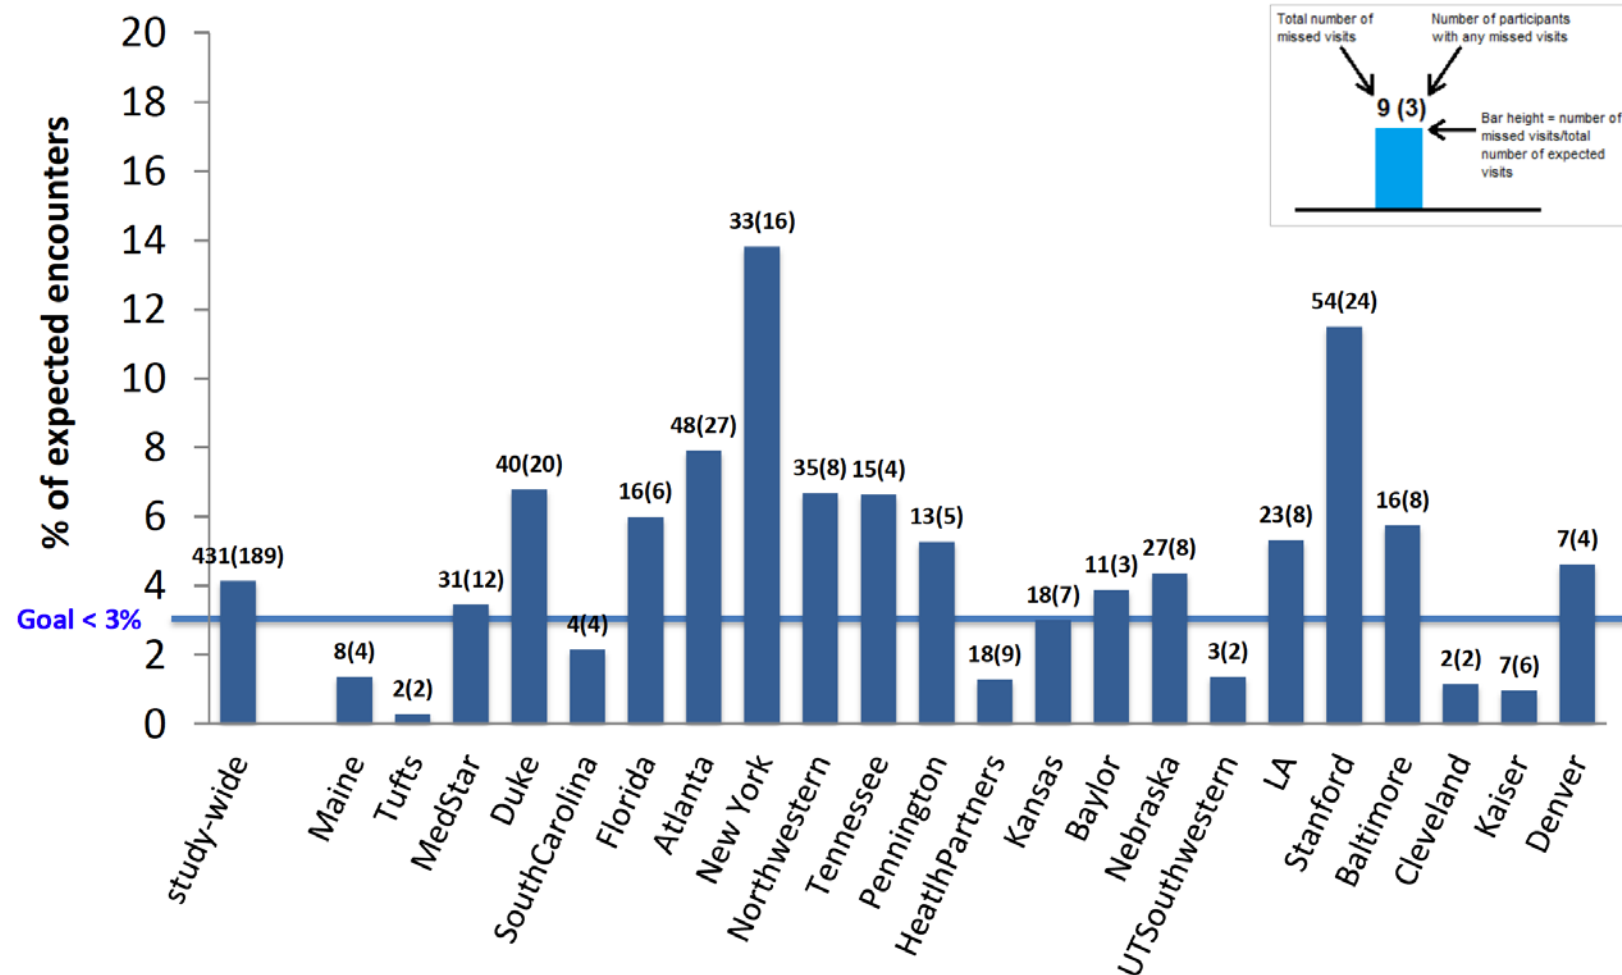

Missed two consecutive scheduled encounters

Participant	Last Visit Date	Last Encounter
270080	09/15/2015	RAND

Missed visits

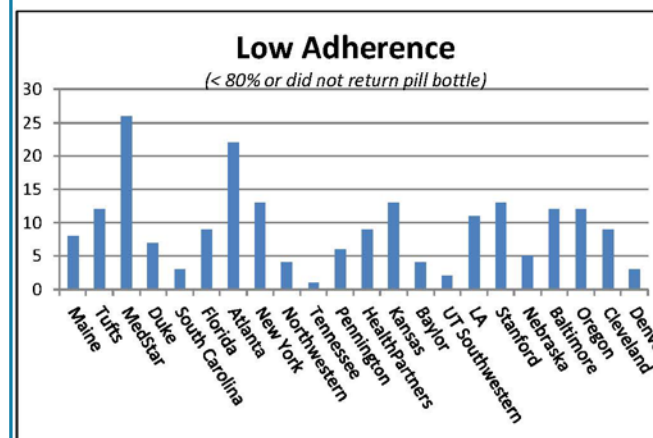

RETENTION

Study-wide = 4.1%

Adherence < 80%

PROTOCOL FIDELITY --

ADHERENCE TO STUDY PILLS

Adherence < 80% Detailed Data

PROTOCOL FIDELITY --

ADHERENCE TO STUDY PILLS

Study Pill Adherence < 80% at Last Visit

Includes participants who did not return study pills

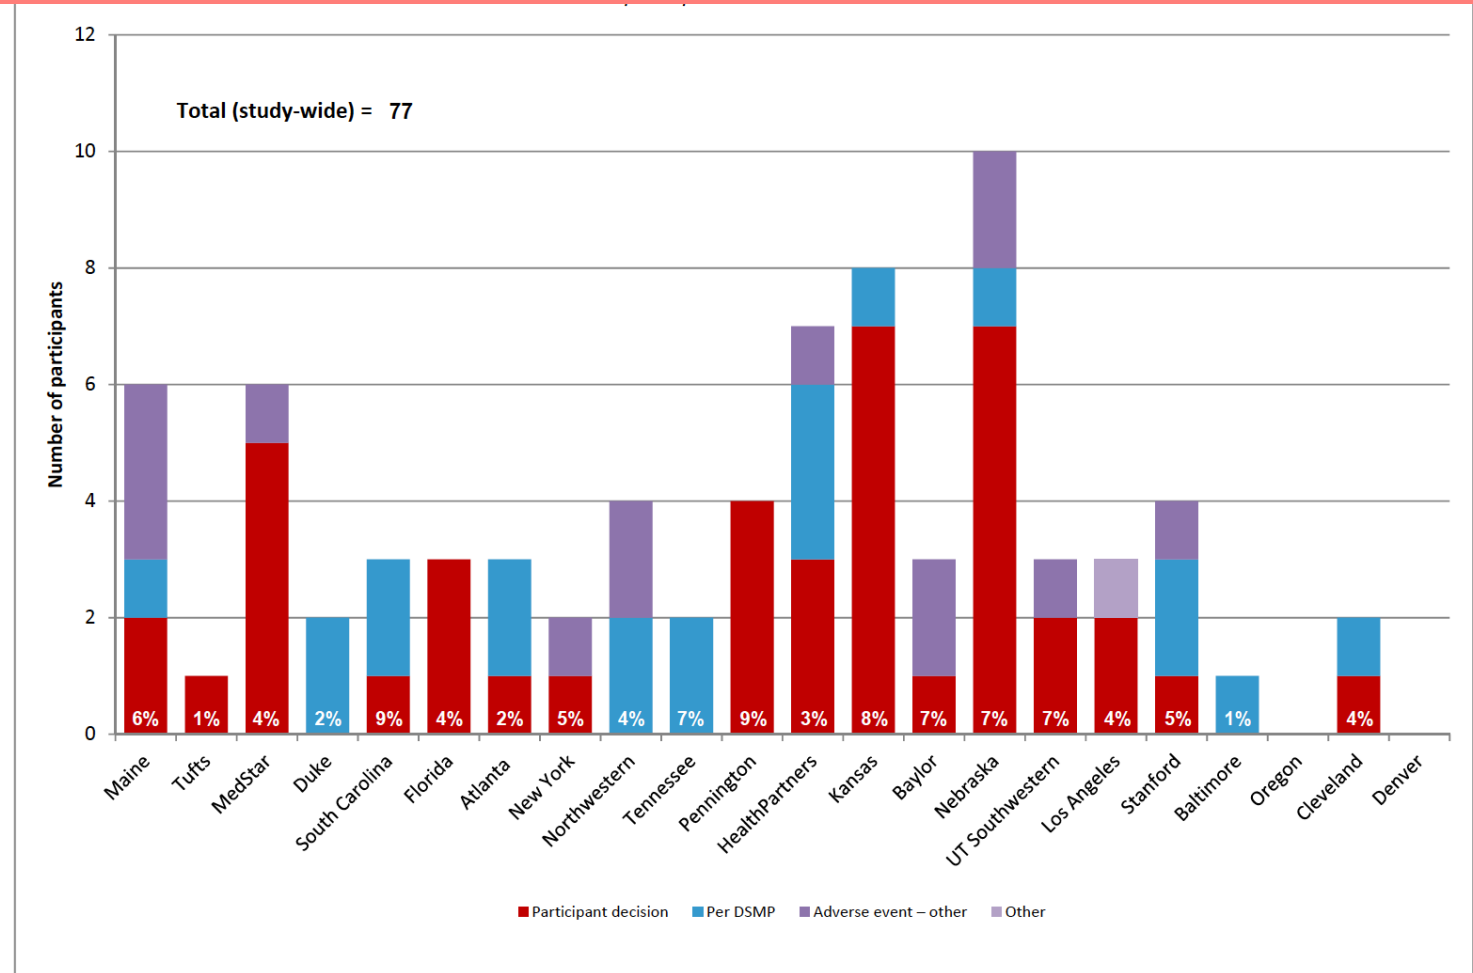

Participant		
250026		
250038		
270065		

Discontinuation of study pills

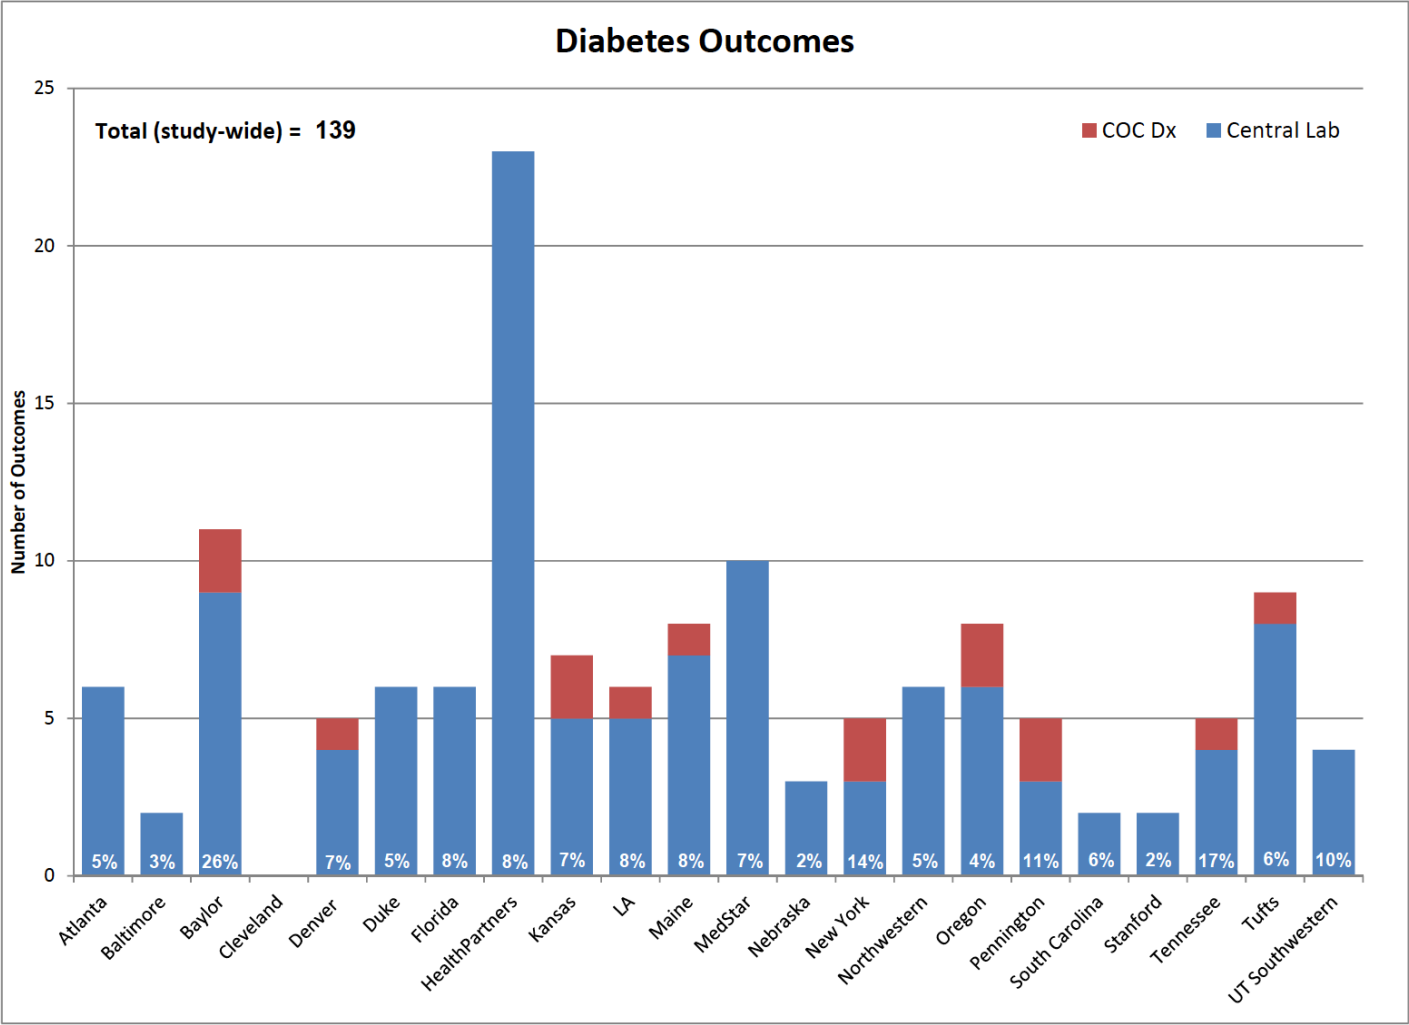

PROTOCOL FIDELITY --

ADHERENCE TO STUDY PILLS

Discontinuation due to participant decision (red part of bar) is undesirable

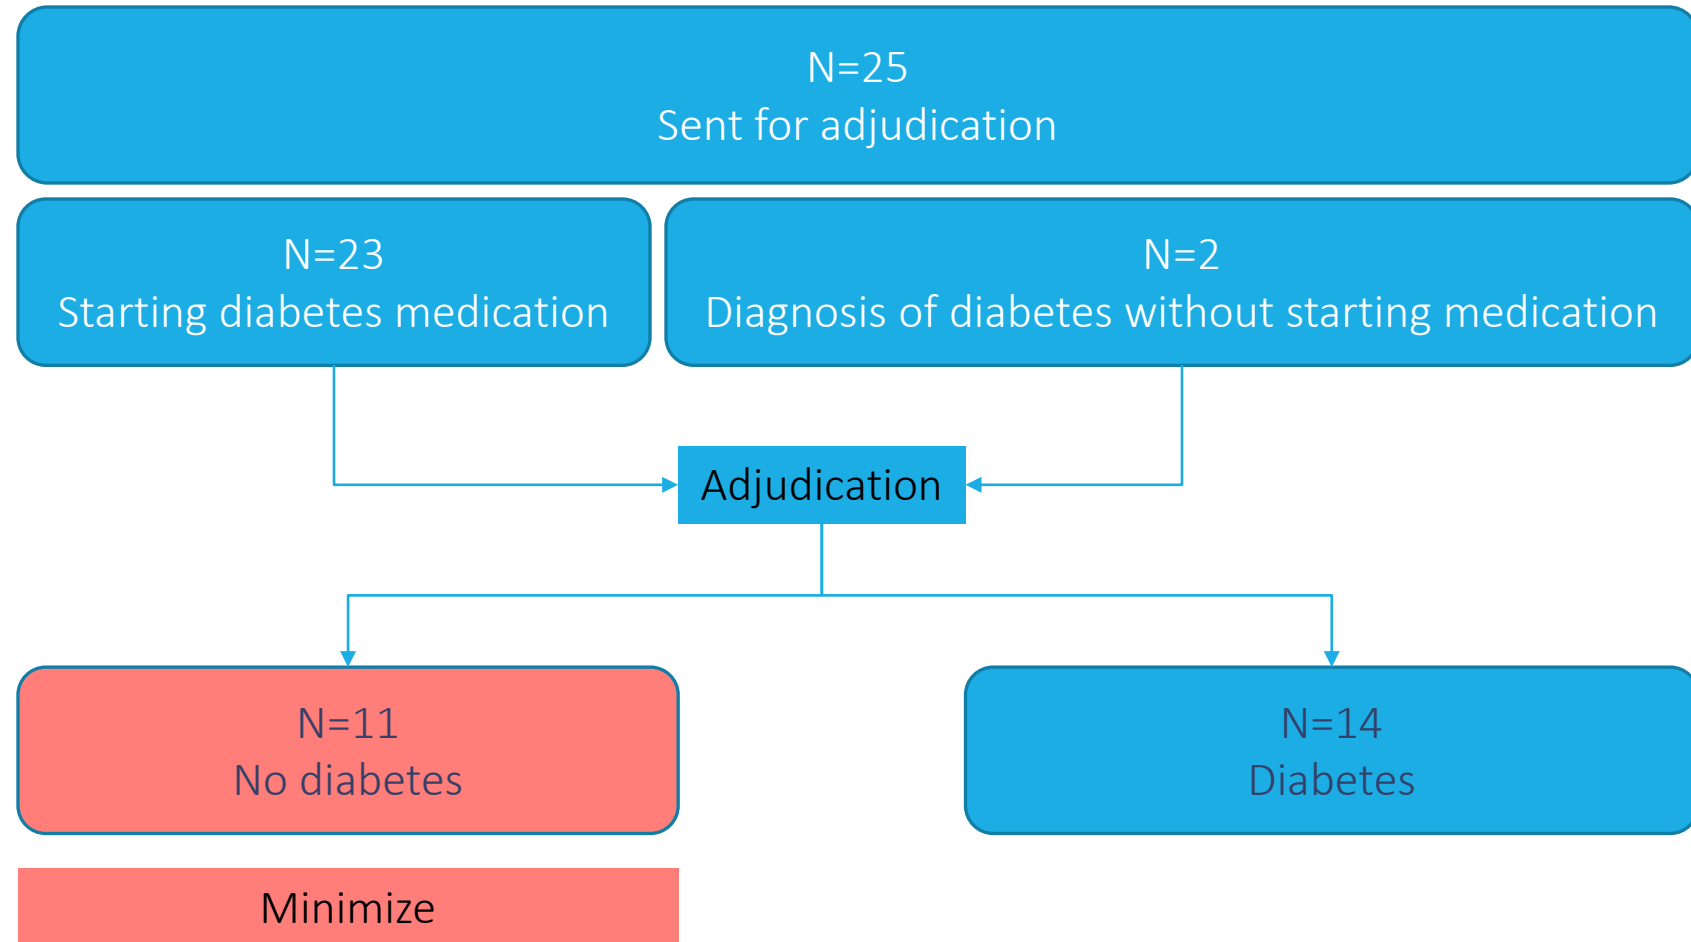

Outcomes

Use of diabetes medication

Primary Outcome

It is our obligation to the ~2,200 participants to

- ✓ Complete recruitment in a timely fashion
- ✓ Retain participants
- ✓ Follow the protocol
