
Publications and Presentations Subcommittee Update

Membership

- Bess Dawson-Hughes, chair
- Bill Knowler
- Erin LeBlanc
- Larry Phillips
- Taso Pittas
- Rich Pratley
- Dave Reboussin
- Cliff Rosen
- Patty Sheehan
- Myrlene Staten

Published/Presented to Date

- Aroda (Poster) – Optimizing use of the electronic health record (EHR) to identify persons at high risk of diabetes in the D2d study
- Sheehan (Poster) – To D or Not to D? Design and rationale of the Vitamin D and Type 2 Diabetes (D2d) Study
- Pittas (Manuscript) – Rationale and Design of the Vitamin D and Type 2 Diabetes Study: A Diabetes Prevention Trial
- Vogel (Poster) – Facebook as a recruitment tool for clinical trials: The D2d Study experience

- Lewis – Management of hemoglobin variants detected incidentally in HbA1c testing: A common problem currently lacking a standard approach
- Aroda – Optimizing use of the electronic health record (EHR) to identify persons at high risk of diabetes in the D2d study
- Brodsky – Reclassification of patients with prediabetes upon repeated testing
- Desouza – Baseline characteristics that predict pre-diabetes eligibility in the D2d study

Policy Change

- Intent: lower the barrier to submitting a publication proposal
- Original policy: a single proposal form including plan for data analysis
- New policy: proposal can now be submitted in two parts
 1. preliminary proposal with a basic data analysis plan
 2. follow-up proposal with detailed analysis plan after formation of writing group

Call to Action

- Submit publication ideas as proposals under new policy
- Submit concepts via email to gauge PPS interest
