

SC Minutes from 4.13.17

Meeting called to order – 12:04pm | Adjourned- 1:06pm

Present: Lawrence Phillips (Atlanta), Sangeeta Kashyap (Cleveland), Neda Rasouli (Colorado), Rowena Dolor (Duke), Richard Pratley (Florida), Chhavi Chadha (HealthPartners), Erin LeBlanc (Kaiser), Irwin Brodsky (Maine), Cyrus Desouza (Nebraska), Daniel Hsia (Pennington), Sun Kim (Stanford), Anastassios Pittas (CC), Ellen Vickery (CC), Paul Fuss (CC), Saul Malozowski (NIDDK).

Reports Reviewed

- There was extensive discussion on the process for adjudication of diabetes cases.
- A specific case of a participant was started on metformin but was willing to stop and tested within D2d was discussed. This case was not entirely straightforward and generated a lot of discussion.

Action: The CC will send a brief email with the key elements of the adjudication process.

Grant Renewal

- D2d is preparing the U01 grant renewal application for extension of the study
- Site budget proposal submission deadline is 4/15/17
- The current grant will expire in May 2018
- D2d projects that the study will go on for more than 5 years and reach 508 events in May 2019

Action: Sites need to submit budgets.

Non-diabetes outcomes update

- The nondiabetes outcomes task force started about a year ago and has been actively discussing what non-diabetes outcomes D2d wants to pursue.
- The task force, led by Erin LeBlanc, recommends collecting the following non-diabetes outcomes [assigned leaders].
 - o Cancer [Ranee Chatterjee, Taso Pittas]
 - o Cardiovascular outcomes- [Cyrus Desouza, Neda Rasouli]
 - o Fractures- [Lisa Ceglia]
- Dr. Phillips requested more formal information about the non-diabetes outcomes.
- The SC discussed the scientific validity of the non-diabetes outcomes.
- Specific questions should be added to participant's visits to capture the non-diabetes outcomes more effectively.
- Dr. Pratley noted that even if there is no power to show differences by arm, the observational nature of the non-diabetes in a pre-diabetes population is worthwhile to study.

Action: The nondiabetes outcomes task force meets the 1st Thursday of every month at 1pm EST. Please let the CC know if you would like to join.
